

Technological transfer and commercialization of public research results through PPI in the Mediterranean region

WORKSHOP ON

Bio-medical innovation: from bench to bedside

26th April 2023

L'evento è in **lingua italiana** via web, previa registrazione alla **piattaforma GoToWebinar**
<https://register.gotowebinar.com/register/4846915966154810969>
Il link per partecipare al webinar sarà inviato successivamente agli utenti registrati.

Moderator: **Francesco Saverio Donadio**, CNR-URI, Italian PPI4MED Communication

10:00 Welcome and PPI4MED project brief presentation

Marilena Rossano, CNR-URI, Italian scientific manager of PPI4MED project

10:05 Introduction to the workshop

Michele Guerrini, CNR-UniRE, PPI4MED Italian Living Lab Coordinator

10:15 *Innovation and Public Procurement*

Fabrizio Tuzi, CNR and PPI4MED project PMG member

10:30 Discussion with public procurers and PMI representatives: *Needs, perspectives, best practises.*

Speeches of:

Luigi Ambrosio, CNR-IPCB, *Engineered biohydrogel as bio-factor for tissue regeneration*

Amelia Cimmino, CNR-IGB, *Technological Innovation for early diagnosis of bladder cancer*

Ferdinando Febbraio, CNR-IBBC, *DIAPRE-BB: diagnostic methods and medical devises*

Maria Grazia Raucci, CNR-IPCB, *Therapeutic bionanomaterials for cancer therapy*

Giancarlo Salviati, CNR-IMEM, *2D Material-Based Multiple Oncotherapy Against Metastatic Disease*

Valentina Benfenati, CNR-ISOF, *Bioelectronic technologies targeting glial mediated neuron modulation*

Menotti Ruvo, CNR-IBB, *Engineering antibody fragments for therapy and diagnosis*

12:30 Q&A

13:00 Conclusions

Michele Guerrini, CNR – UniRE, PPI4MED Italian Living Lab Coordinator
